Re: Emergency Permit - Permit No. 06S1261P5432
 Osage County, Oklahoma

Dear Mr. Williams:

Osage UIC regulations provide for the issuance of emergency permits to avoid a substantial and irretrievable loss of oil and gas resources [40 CFR §147.2906(a)(2)].

In accordance with the provisions of 40 CFR §147.2906, Discovery Energy, Incorporated is hereby issued an emergency permit to convert and inject into Well No. 1A, located in Osage County at SE Quarter, Section 09, Township 25N, Range 06E. The permittee is authorized to inject salt water for disposal under the following conditions:

- ° Mechanical integrity must be demonstrated on the well prior to injection according to [40 CFR §147.2920(b)(1)(i)].
- ° Injection shall not result in the movement of fluid into an underground source of drinking water (USDW). The operating injection pressure at the wellhead shall not exceed 920 psig.
- ° During the emergency authorization period, the owner/operator shall comply with the requirements of the Osage UIC regulations [40 CFR §147.2919].
- ° Emergency authorization to inject shall remain in effect until the effective date of the permit [40 CFR §147.2906(b)(1)(iii)].

Failure to abide by the above guidelines may result in non-compliance action and is a violation of the Safe Drinking Water Act and the Osage UIC regulations.
